

MECHANICAL MAINTENANCE PERSON

SOUTHERN SHORE – CLOSING DATE: MAY 17, 2019

COMPETITION NUMBER: NPJP-2019-23176

Are you ready to explore an exciting career in a fast-paced, high-performance environment?

If you are seeking a challenging and rewarding career with room for continuous advancement and a competitive compensation package, have we got an opportunity for you! We are looking for a highly motivated team player with a strong commitment to safety and customer service, an excellent work ethic, and effective interpersonal and communication skills.

As a valued member of the Generation team, you will be responsible for: performing installation, inspection and preventative/corrective maintenance of mechanical equipment associated with hydro, diesel and gas turbine generation facilities; completing inspection and maintenance reports; and, operating diesel and gas turbine and hydro plants when required. In addition, this position is responsible for: performing routine maintenance on all plant property and equipment including inspecting; painting; lubricating; penstock maintenance; vegetation clearing; assisting with major equipment and structure repairs; and, other related duties as assigned.

Your qualifications include a Journeyperson Millwright (Industrial Mechanic) certificate. Experience in the operation and maintenance of hydro, diesel and gas turbine facilities would be an asset. You must hold and maintain a valid motor vehicle driver's license. There is a residency requirement for this position, whereby your primary residence must be within 40km of the Mobile office. Some travel is required. Compensation is per the current Collective Agreement.

Apply online at newfoundlandpower.com/en/About/Careers/Career-Opportunities. We thank all applicants for their interest but only those selected for an interview will be contacted.

WHENEVER. WHEREVER.
We'll be there.
