

ENGINEER (ELECTRICAL)

ST. JOHN'S – CLOSING DATE: OCTOBER 18, 2019

COMPETITION NUMBER: NPJP-2019-27151

Are you ready to explore an exciting career in a fast-paced, high-performance environment?

If you are seeking a challenging and rewarding career with room for continuous advancement and a competitive compensation package, have we got an opportunity for you! We are looking for a highly motivated team player with a strong commitment to safety and customer service, an excellent work ethic, and effective interpersonal and communication skills.

As a valued member of our Team, you will play a key role in providing engineering services and technical support for the Company's distribution and transmission assets. Your responsibilities will include: completing detailed designs; preparing drawings; writing reports; cost estimating; preparing specifications; and, project scheduling.

Your qualifications include a Bachelor's degree in Engineering (Electrical) and eligibility for registration with PEGNL as an engineer-in-training by May 2020. You have excellent technical skills, are proficient in the use of Microsoft products and are familiar with AutoCAD. You have strong analytical skills and the ability to work in a team environment as well as on your own. You must hold and maintain a valid driver's license. Power utility experience is considered an asset.

Apply online at newfoundlandpower.com/en/About/Careers/Career-Opportunities. We thank all applicants for their interest but only those selected for an interview will be contacted.

WHENEVER. WHEREVER.
We'll be there.
