

# ELECTRICAL MAINTENANCE PERSON

**CARBONEAR – CLOSING DATE: APRIL 13, 2018**

COMPETITION NUMBER: NPJP-2018-15162

## Are you ready to explore an exciting career in a fast-paced, high-performance environment?

If you are seeking a challenging and rewarding career with room for continuous advancement and a competitive compensation package, have we got an opportunity for you! We are looking for a highly motivated team player with a strong commitment to safety and customer service, an excellent work ethic, and effective interpersonal and communication skills.

As a valued member of our Team, you will be responsible for: performing installation, inspection and preventative/corrective maintenance of substation, generation, relay and control and other electrical equipment; completing inspection and maintenance reports; operating generation facilities; and, performing other related duties as assigned.

You are certified as an Industrial Electrician in accordance with the Interprovincial Standards Red Seal Program. Experience in the installation and maintenance of high and low voltage equipment would be an asset. You are a highly motivated team player with an excellent work ethic. You work with minimal supervision and have a strong commitment to safety and the environment. You must hold a valid motor vehicle driver's license. There is a residency requirement for this position and some travel is required. Compensation is per the current Collective Agreement.

Apply online at [newfoundlandpower.com/en/About-Us/Careers/Career-Opportunities](http://newfoundlandpower.com/en/About-Us/Careers/Career-Opportunities). We thank all applicants for their interest but only those selected for an interview will be contacted.
